GLAZING: ANDERSEN LOW - E4

GRILLE CONFIGURATION: COLONIAL, FULL DIVIDED LIGHT, 7/8" WIDTH

ANDERSEN CANVAS COLOR

ANDERSEN LOW - E4 GLAZING

DOUBLE-HUNG

Frame

**A** Frame constructed with a wood core and a Fibrex composite material exterior. This construction produces a rigid frame and a low-maintenance, durable exterior.

**B** Wood members are treated with a water-repellent preservative for long-lasting protection and performance.

**C** The dual weatherstripping system utilizes a double foam-filled design that creates a pressure equalization chamber, knocking down driving rain and delivering a long-lasting, energy-efficient barrier against wind, water and dust.

**D** Traditional sloped sill design.

**E** For units with White exterior, exterior jamb liner is White. For all other exterior colors, the exterior jamb liner is Sandtone. All double-hung windows include lower jamb liner cover/inserts that match the window exterior color.

**F** A factory-applied rigid vinyl flange helps seal the unit to the structure. Available in a standard design or in a trim flange design (shown). The trim flange allows for Andersen exterior trim surrounds to be applied in seconds after window installation.

Sash

**G** Fiberglass construction provides durable, strong and long-lasting performance. Finished with a Flexacron paint system. This stabilized polyester paint is electrostatically applied for maximum protection and a lustrous, low-maintenance finish.

Traditional architectural style:

- Classic chamfer detailing
- The look of mortise-and-tenon joinery
- Tall bottom rail on double-hung window aligns with casement and picture windows for common sight lines

**H** Natural wood interiors are treated with a water-repellent preservative for long-lasting protection and performance. Interior stops are fastened from behind so there are no nail holes to fill.

1 Glass

See page 27 for details.

GRILLE CONFIGURATIONS

FULL DIVIDED LIGHT

For an authentic look, Full Divided Light grilles are permanently applied to the interior and the exterior of the window with a spacer between the glass.
